

## Sustainable measures taken by HZ canteens

Since 2015, the HZ canteen in Vlissingen has a Green Key award. In January 2022, the HZ canteen in Middelburg also received the award.

This document lists the sustainable measures taken by our canteen, based on input from Adri Bimmel – head of Catering Services HZ

- Machines giving deposit for PET bottles
- Selling soda drinks only via machines, but from the counter
- Waste separation in our restaurants
- Selling no “impulse foods” at the counter
- System to prevent food waste
- Vegetarian food options are always available
- Vegan food options are always available
- Food options, free of allergens like gluten and lactose, available on request
- Coffee waste is collected separately and is spread as soil improvement for our HZ gardens.
- Open cooling systems have a door or something similar to save energy
- Automatic light switches in storage rooms
- Led lighting
- “Green” dishwasher that is low in energy usage
- Continuously researching what is most sustainable: “doing the dishes or disposables” and adapt according to new insights.
- Recycled napkins and cleaning paper
- Eco-friendly soap and disinfectants
- Eco-friendly washing detergents
- Socially Responsible produced tea, coffee and sugar
- Local food products like apple juice “I love Zeeland”
- Organic wines
- Registrating energy streams
- Water saving measures
- Registration waste streams
- Collaboration HZ GreenOffice
- Using knowledge within the organization from students and employees to make continuous improvements.
- Offering a place to students to acquire knowledge: the canteen as a living lab for sustainability

## Duurzame maatregelen kantines HZ - Green Key Goud

Input van Adri Bimmel – hoofd catering services HZ

- Statiegeld automaten voor PETflesjes
- Gescheiden afval bakken in de restaurants
- Frisdranken alleen in automaten
- Geen paniekaankoop producten bij de kassa
- Voedselverspilling systeem om dit te voorkomen.
- Altijd vegetarische producten beschikbaar
- Altijd veganistische producten beschikbaar
- Op aanvraag producten vrij van allergenen zoals glutenvrij, lactosevrij
- Koffiedrab apart afvoeren
- Open koelingen voorzien van deuren of schorten
- Kastschakelaars op magazijnen
- Ledverlichting
- Duurzame vaatwasser
- Voortdurend onderzoek wat duurzamer is “Afwassen of disposebles” en hierop inspelen.
- Gerecyclede servetten en poetspapier
- Duurzame zeep en desinfectiemiddelen
- Duurzame afwasmiddelen
- Verantwoord geproduceerde thee en koffie alsmede suiker
- Streekproducten zoals appelsap “I love Zeeland”
- Biologische wijnen
- Registratie energiestromen
- Besparende waterbroesjes
- Registratie afvalstromen
- Samenwerking GreenOffice
- Kennis binnen organisatie van zowel studenten en medewerkers gebruiken om verder te komen
- Een plek bieden aan studenten om kennis op te doen
